SPRING & FALL 1957

WHOLESALE PRICE LIST

Gentlemen:—

We regret that the following short list of Nursery stock is all we have left to offer for this coming season. The stock has survived our cold winter and is in excellent condition. We are happy to recommend it to you for either re-sale or growing on.... You will notice that the wholesale prices on certain items have been greatly reduced. This is due to the fact that we are going to discontinue these items in order to increase production on our Special shrubs. As some plants are in very short supply we suggest you check the list over and order immediately. All shipments will be made by Express unless otherwise indicated. We do not ship Balled & Burlapped stock. This must be picked up at Nursery.

JAPANESE RED MAPLES

(Acer Palmatum Atropurpureum)

This is one of our Specialties. We invite your inspection. We have both Grafted and Own Root Plants. Most of our stock plants are of the Ochi Beni strain and in the Spring leaf out in a breath taking bright Red color. This strain is noted for its hardiness and good habits. We know you will like them.
